**BAYSHORE BEACH CLUB**  
**RESOLUTION OF THE BOARD OF DIRECTORS**  
**Establishing Procedures for Requests for Fair Housing Accommodations/Modifications**

At a regular meeting of the Board of Directors (“Board”) of the Bayshore Beach Club, Inc. (“Association”), for which homeowners had notice and the opportunity to attend, held virtually via Zoom and in-person on March 18 2023, at 512 NW Oceana Drive, at the time of 6 pm, the Board resolved as follows:

WHEREAS, a Board meeting convened at the time and date set out above;

WHEREAS, the Association Secretary, by signing below, attests that pursuant to the Association Bylaws at Article III, all Board members were provided notice of the meeting (or by their attendance waived notice) and a quorum of the Board was present; and

WHEREAS, the Association is organized and empowered to exercise all of the powers and privileges conferred to it by the Declaration of Covenants and Restrictions and all subsequently recorded supplements and amendments, the Association’s Bylaws, its Articles of Incorporation, and the Oregon Planned Community Act (ORS 94.550, *et seq.*), to administer, manage and operate the Association for the benefit of its members; and

WHEREAS, Declaration Article V, ORS 94.630, and ORS 94.640 provide that the Association acting through the Board shall have all of the powers and duties necessary for the administration of the affairs of the Association; and

WHEREAS, ORS 94.630 gives the Board the authority to adopt and amend on behalf of the Association detailed rules and regulations governing the common property and use of lots as may be necessary and appropriate to assure the peaceful use and orderly enjoyment of the property; and

WHEREAS from time to time, the Board receives requests from owners and residents for accommodations or modifications for persons with disabilities as that term is defined in the Fair Housing Act; and

WHEREAS the Association is required to make reasonable accommodations or allow modifications to rules, policies, practices, or services when such accommodations or modifications are necessary to afford an equal opportunity to use and enjoy a dwelling because of a disability (a physical or mental impairment which substantially limits one or more major life activities) in accordance with ORS 659A.145 and the Fair Housing Act; and

WHEREAS the Board finds it in the best interests of the Association to adopt a procedure for owners and residents wishing to make such requests, and to adopt a procedure for the Board’s consideration of those requests; and

NOW THEREFORE, BE IT RESOLVED that the Board adopts the process set forth herein for accommodation/modification requests and responses thereto:

An owner or resident wishing to request an accommodation or modification because of disability must submit a request to the Board. The request needs to include the following information:

- A statement that the request is for reasonable accommodation/modification;
- A statement regarding the disability and major life functions that are limited;
- A statement regarding the accommodation/modification that is requested; and
- A statement regarding the relationship between the disability and the requested accommodation/modification.

It is preferred that the request be in writing to promote a clear understanding of the request. A form is attached (Attachment A) that may be used to make the request, but the form is not required.

Within 14 days of submission of the request, the Board will acknowledge receipt and advise in writing whether Medical Verification is required. If the Board requests Medical Verification, the owner or resident will be asked to have the attached Verification Form (Attachment B) completed by a Qualified Individual (as defined on the Form). An owner or resident may choose to submit the Verification Form with the original request instead of waiting for a request from the Board.

Upon receipt of the Medical Verification, or if no Medical Verification is requested, the Board will consider the request at the next Board meeting, but in no event shall consideration be more than 30 days from either the initial request or receipt of the Medical Verification, whichever is later.

In reviewing the request, the Board will consider the following factors:

- Whether the requesting owner or resident meets the definition of a person with a disability under ORS 659A.104 or the Fair Housing Act;
- Whether the information presented shows a connection between the disability and the accommodation/modification requested;
- Whether the accommodation/modification requested is reasonable;
- Whether the accommodation/modification will cause an undue financial or administrative burden on the Association;
- Whether the accommodation/modification would change the fundamental nature of the functioning of the Association; and
- Other information provided that relates to the factors listed above.

The Board will send written notice of its decision within 7 days of the meeting. The decision may be an approval, an approval with conditions, or a denial.

If an owner or resident wishes to appeal a decision of the Board, the owner or resident must submit a written request for a hearing within 14 days of the notice of decision. Failure to timely submit a request for an appeal waives the right to an appeal. The Board shall consider the appeal as a request for reconsideration of its initial decision.

All information relating to the request will be kept confidential, and any hearing relating to the request will be held in executive session.

BE IT FURTHER RESOLVED that the Board directs the Secretary to notify all owners about this Resolution in accordance with the Bylaws. This Resolution will be effective from the date of notice.

BE IT RESOLVED.

Liens are being filed for the Bayshore members who have not paid their dues. We are sorry that we had to do this procedure. It isn't fair to those members who faithfully pay their annual dues to ignore the lack of payment. The board tries very hard to use the funds wisely for the good of all members. After the May meeting and the approval of the budget, new invoices for dues will be sent out for the 2023-2024 fiscal year.

Item One: Recommended Change in Policies and Procedures, Section 02- Accounting and Financial-Management of and Requirements of a Reserve Fund-Management of Request for Vendor Bids-When Are Vendor Bids Required? (page 56)

Note: The language in the Policies and Procedures regarding

Current Language:

- 1) The bid process is required when the estimated cost of a project, item or service exceeds \$500. The project, item or service must be within the Budget ascribed and with the knowledge of the Budget Coordinator. Should the estimated cost exceed the Budget, Board approval is required.

Proposed Language:

- 2) The bid process is required when the estimated cost of a project, item or service exceeds \$2,500. The project, item or service must be within the Budget ascribed and with the knowledge of the Budget Coordinator. Should the estimated cost exceed the Budget, Board approval is required.

## **Item Two: Proposal to BBC Board, Proposed Clarification of Bayshore Capital Planning and Spending Limits (Revised)**

The Committee discussed and would recommend the following revised process and clarifications to the BOD.

Background:

There are five main types of planned capital asset spending:

- Maintenance of existing assets,
- Emergency repairs of existing assets,
- Planned and approved current year new capital projects
- Planned and approved long-term capital projects
- Proposed but unapproved capital projects.

Budgeting: Maintenance, emergency repairs and current year approved capital budget are included in the annual budget along with new planned and approved capital projects for the current budget year.

Capital Planning: Future planned and approved capital expenditures are included in the Long-Range Capital Plan.

Planning Guidelines:

1. All capital expenses must be approved by the Board.
2. Existing asset maintenance expenses should be funded in the annual expense budgeting process as a line item budget. There should be a reserve for emergencies. Existing asset maintenance is the responsibility of the Facility Manager with assistance, as needed, from the LRPA.
3. New capital expenses are approved by the Board during the annual budget cycle as a list of new projects for the coming year, using the capital expense approval process.
4. All approved long-term capital projects should be included in the long range capital plan.
5. The Long Range Asset Planning committee is responsible for the development of the annual capital plan and must be approved by the Board.

## Proposed Capital Expense Planning Process

1. A project (by the Facilities Manager or member's committee or group) is brought before the Board.
2. If deemed worthy to the HOA, the Board then directs the appropriate group to develop a set of options for the contract.
3. The BOD approved group researches the options, with the appropriate level of due diligence, then presents the options available to the Board, including the pros and cons of each option.
4. The Board reviews, chooses an option and approves the project. Approved projects for the planning cycle go into the annual budget and will be implemented by the Facilities Manager if it falls within the assigned responsibilities, or any committee or group of members under the direction of the BOD.
5. When completed, the BOD assigned group presents a final report to the BOD at the regular monthly meeting.

## Proposed Emergency/Unplanned Capital Spending Authorization Process:

The LRPA committee is proposing the following guidelines to follow when authorizing *unplanned* Bayshore expenditures. These suggestions address emergency or unplanned capital (asset) expenditures and *specifically exclude expenses related to regular maintenance of existing Bayshore assets* budgeted for the current year.

1. Any critical but unbudgeted expense (example, emergency repairs) up to \$2,500 may be performed by the Facilities Manager or BOD approved licensed contractors without further approval.
2. Any proposed unbudgeted expenses above \$2,500 must be approved by the Board, following the Bayshore Policies and Procedures.
