Anne:

Thanks for your kind letter (issued Jan 29th) thanking me for coming to the meeting on Jan 19th at the Bayshore Beach Club.

I'm just completing a write up of the meeting that's directed to our County Commissioners and some of our key state agency partners. After I get some initial feedback from them I will re-work that write up and share it with you (for sharing with others) because it will summarize, from my perspective, the major points of the meeting and the commitments made, and the initial responses from these other partners. Look for that soon!
